

# HEALTH AND SAFETY MEASURES

Farotto's Phase I COVID-19 re-opening protocols | Dated 5.20.20

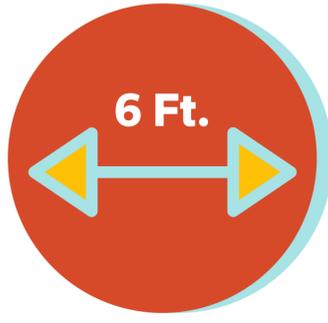

## STAFF HEALTH

All staff members are screened for temperature and signs of illness like cough or shortness of breath before their shift begins.

Staff members in the front-of-house will all be wearing gloves and masks.

Hand washing is mandatory with increased frequency.

## SOCIAL DISTANCING

Staff and guests are required to keep 6 feet of physical distance at all times.

Our floor plan has been updated and marked to practice 6 feet of physical distancing in adherence with state and local guidelines.

## FOOD SAFETY

Disposable menus, plates, utensils, and check presenters are now being used to prevent contact.

## TOP-NOTCH CLEANING

Contact surfaces including but not limited to door handles, tables, chairs, credit card processing devices, tables, faucets, and bathrooms are sanitized regularly.

We are using disinfectant spray with active ingredients registered with the Environmental Protection Agency (EPA) to kill any traces of the coronavirus (COVID-19).

Sanitation stations are located throughout the dining room and all service and kitchen areas. A designated team member per shift is solely responsible for sanitizing.

Signage has been added to our kitchen and dining room to encourage hand washing, prohibit handshaking or personal contact, and to practice social distancing.

## DINE-IN GUEST PROTOCOL

During Phase I reopening, dine-in is only available on our open air terrace and four seasons covered patio.
